

Care Partner Network

The Care Partner Network is a collaboration of 100+ community based organizations covering 10 counties in Kansas, Missouri, and Oklahoma. Our shared vision is that individuals are supported by a wide array of organizations working together to make efficient, effective, appropriate referrals to meet their needs. We create relationships that benefit our clients AND each other.

Most persistent client needs

Housing

Utilities

Food

Since 2021, CPN partners have supported their clients' needs using Unite Us, a closed loop web-based referral platform. Our person-centered care approach has served **1800+** clients with online referrals and case management. Nearly \$290,000 in housing and utility payments have been leveraged for local resident assistance through Unite Us.
